History of Cribb Island

Cribb Island or “Cribbie” as it was known locally, is a former suburb of Brisbane and now forms part of Brisbane Airport.

Cribb Island was named after John George Cribb who bought 150 acres of land from the Queensland Government in 1863.

Cribb sold some of the land to James Jackson to grow bananas. This area became known as Jackson’s Estate, which was subdivided into residential lots in 1916.

The suburb is perhaps best known for being the childhood home of the Gibb brothers who later became famous as the Bee Gees.

The suburb grew to about 900 residents and had a school, general store, cinema and cafes.

In 1970, the Commonwealth Government resumed the suburb to expand and upgrade the airport, with the last residents leaving in 1980.

The new airport was opened in 1988 with a new Domestic terminal and two runways.
